

FLED THROUGH MILES OF FLAME

Refugees from the Destroyed
British Columbia Towns
Reach Calgary.

AWFUL SCENES WITNESSED

PRAYERS AND SHRIEKS HEARD
ABOVE ROAR OF FLAMES.

Calgary, N. W. T., Aug. 4.—Mrs. George S. Crossman, with her sister, Miss Maude Holman, came in from Michel last night. On Saturday afternoon Mr. Crossman came in to see the fire which had been raging in the bush for the last few days was threatening the city itself. Hastily they collected a few things. Mrs. Crossman, carrying her little baby, took refuge in a fireproof warehouse, where it was thought they would be safe from the flames which were rising from every part of the doomed town. Soon, however, an awful shower of sparks and burning pieces of wood began to have effect on the building and they decided to move all the women within the freight sheds, where a train was being made up to carry them to some unknown place of safety.

Passed Through Flames.
They determined to cross to the sheds which were a mass of flames, and board a train. Mrs. Crossman and her sister, both soaked with water, and the baby wrapped up in a wet blanket, made the journey safely. Mrs. Crossman said that on the train she saw men, women and children of all nationalities, mixed together and sitting three or four on a seat. The men were shouting and ranting, while hysterical women, separated from their children, were calling in vain for their lost ones. Some were dressed in all their finery and others had scarcely anything to wear at all. There were scores of children, some with their parents and some who had lost fathers and mothers in the confusion.

Refuge Was Burning.
"The train then pulled out for Hosmer," said Mrs. Crossman, "but we found the heart of that town in flames when we reached it. The original intention had been to get through to Michel, but shortly after leaving Hosmer we heard that the Michel bridge was burned. The train then backed again to stop at the night between Hosmer and Fernie, going on its way back through the greatest danger, for we had to pass between two great plumes of smoke on both sides. The windows of the cars became so hot that it was impossible to touch them, and the heat and smoke were stifling."

Shrieking and Praying.
All this time the foreign women were shrieking and praying, saying prayers at the top of their voices, and adding to the terrible confusion. After passing through this fire belt the train reached a safe place and stopped for the night. While we lay there, condensed milk for the women and children was brought out by Fernie volunteers. The train returned to Fernie Sunday morning and the women and children were lost early in the evening. It was believed that Fernie was safe, but that Hosmer was burning up. Five men were brought into Hosmer, two dead and three badly burned. One was an Italian who had gone back to the camp to try to rescue some provisions. The other was an old Scotchman, whose name Mr. Barclay did not know, but who was well known in Michel.

Worst Not Yet Told.
R. A. Howson of Calgary, who had been in Fernie for several weeks, said that the worst has not yet been told of the catastrophe. Driven by a fierce gale, the flames ate up the buildings and the people had no time to save anything. It was useless to try. All that could be done was to rescue the people and flee. The railroad companies acted with remarkable promptness in getting people away. The Great Northern and the Canadian Pacific did not lose a moment in rushing trains to the rescue and drawing the refugees beyond the danger zone. The people huddled together on two clearings outside the town and were safe from the fiendish flames which threatened life as well as home, until the trains arrived.

Abundance of Food.
Mr. Howson says that an abundance of food was soon brought in for the sufferers, and there was no hardship on that score. The foreigners acted well and, fortunately, there was no liquor, every drop of that commodity going to feed the flames. He says there is not much doubt about the sixty men and two women being burned in No. 4 lumber camp, and in Fernie it was stated that two women were burned. Children are missing, but are believed to be rescued. When he passed through Michel it was being kept drenched and the men were fighting the flames around Cranbrook. He says that Coal Creek village escaped.

Factors of Safety.
The human body is a wonderful machine, provided with muscular, nervous and mental energy far in excess of normal needs. In health, the organs and tissues can do double their usual amount of work without strain or friction, because they have stored energy to meet the extra demand. When you feel "all tuckered out," these factors of safety are nearly exhausted and you need to resort to

BEECHAN'S PILLS
to renew the supply of energy, wherever it may be called for. Indigestion, bilious attacks, constipation, loss of sleep, nervousness, dizzy spells, are warnings that the factor of safety in the stomach, liver, bowels or brain, is low, or nearing the danger point and needs to be replenished. Beechan's Pills increase the supply of blood, strengthen the stomach, operate the bowels, feed the nerve cells, build tissue, and create a reserve supply of energy, which is the only natural and effective way to

Protect the Health

LAGOON TURNED OVER TO OGDEN

OFFICE, 281 WASHINGTON AVENUE.

Celebration of Opening of
Bamberger Road One of No-
table Events of History.

RECALL EARLY EFFORTS

LARGE NUMBER OF PROMINENT
PEOPLE PRESENT.

Ogden took possession of Lagoon yesterday. It was the celebration of the opening of the Salt Lake & Ogden railway, but as Salt Lake has for a long time enjoyed the use of the Bamberger line as far as Lagoon, and Ogden has been up to yesterday, denied that privilege, it was an Ogden justification. While many Salt Laker went to the resort, everything and everybody was for Ogden. Throughout the day all of the trains were well filled, and most of those running out of Ogden were crowded.

In the afternoon there was a blood-curdling baseball game between men made up of members of the Salt Lake and Ogden Press clubs. In the evening, Simon Bamberger, president of the new line, gave a banquet to about 200 prominent Ogden men and their wives in the Lagoon cafe. The building was artistically decorated and brilliantly illuminated for the event.

Prominent Men Present.
About the numerous tables which filled the cafe were grouped the leaders in business, society, and political life in the Junction City. There were also several of the pioneers of Utah. Conspicuous among these was Lorin Farr, first mayor of Ogden, and the builder of the first house in that city, and a man who has taken a leading part in railroad building in Utah. Despite his 84 years, Mr. Farr was active and alert, and enjoyed the banquet as keenly as the youngest man there. Mr. Farr's presence at the banquet was not only a tribute to his achievements in early day railroad building, but an admission that the celebration of the opening of the new line in Utah would be complete without him. He has been to all of the celebrating beginning with the first stage of the railroad across the American continent, he addressed a memorial to the United States congress upon the subject. But it was almost a score of years after that before he saw the tracklayers enter Ogden. Mr. Farr was associated with Brigham Young in the building of the Utah Central railroad.

Sitting at his side was Joseph Parry, another pioneer when Mr. Farr decided to erect the first house in Ogden. Mr. Parry was the carpenter he employed to do the work. These sturdy old pioneers, who had seen every stage of Ogden's development, were the objects of many attentions from the younger persons present. Other guests at the banquet were Mayor and Mrs. A. L. Brewer, President A. R. Hayward of the Weber club and Mrs. Hayward, President S. H. Browne of the Chamber of Commerce and Mrs. Browne, Rev. John E. Carver of the First Presbyterian church and Mrs. Carver, President John S. Lewis of the Civic league and Mrs. Lewis, Mr. and Mrs. H. R. Rogers, Mr. and Mrs. David Eccles, Jr., and Mrs. D. C. Eccles, Mr. and Mrs. A. T. Wright, Judge L. W. Shurtliff, Mr. and Mrs. J. B. Evans, Superintendent E. C. Manson of the Southern Pacific and Mrs. Manson, D. J. Malone, master mechanic of the Oregon Short Line, Apostle David McKay and Mrs. McKay, Judge J. A. Howell, Mr. and Mrs. F. Cunningham, Mr. and Mrs. J. Fred Bosner, District Attorney George Halverson, Mr. and Mrs. Halverson, County Attorney N. J. Harris and Mrs. Harris, County Commissioners O. B. Madison, Frank Moore and David McKay, Dr. E. M. Conroy, former mayor of Ogden, and Mrs. Conroy, Judge E. W. Wilson, Mr. and Mrs. W. G. Wilson, City Attorney J. H. DeVine and Mrs. DeVine, Councilmen Joseph Dana, Sam Thomas, George Wilcox, John W. Austin, Dr. H. J. Powers, Dr. G. A. Dixon and Chris Flygare, and Mesdames Dana, Thomas, Wilcox, Austin, Powers, Dixon and Flygare; Mr. and Mrs. Arthur Kuhn, Superintendent J. W. Bailey of the Ogden street railway and Mrs. Bailey, Mr. and Mrs. E. W. Wilson, Mr. and Mrs. Wilson, Thomas E. McKay, superintendent of the county schools, and Mrs. McKay; William Allison, superintendent of the city schools, and Mrs. Allison; Dr. and Mrs. Condon, Ira L. Reynolds, secretary of the Weber club; Mr. and Mrs. Ralph E. Hong, R. T. Hume, C. C. Carhart, Mr. and Mrs. John V. Bluth, Mr. and Mrs. B. H. Goddard, Mr. and Mrs. J. C. Nye, Mr. and Mrs. P. M. Driggs, Mr. and Mrs. Max Davidson, Mr. and Mrs. Rudolph Kuchler, Mr. and Mrs. T. L. Carr, Mr. and Mrs. Fulton Joyce, Miss Pearl Dallimore, Miss Lizzie Orth, Miss Maud Ziemer, Miss Margaret Armstrong, J. B. Evans, Leon Hunt, A. T. Spencer, C. W. Melcham, Miss Ada Whalen, Miss Daisy Kuhn, Mrs. Newberg.

Invited to Ogden.
"Senator Bamberger is now trying to get the earth as fast as possible and I hope he gets a lot of it. He is a man who has devoted his brain and his energy for many years to this section, and we are glad to see his efforts crowned with success. Come along, senator, and live in Ogden, and bring your family with you." President A. R. Hayward of the Weber club said.

"Upon this spot we hope to see the good people of Ogden and of Salt Lake meet and mingle and forget their old quarrels and their old prejudices, and enjoy the beauty of the place. We had an evidence of this at the gate at Lagoon. A Salt Lake man and an Ogden man went to go in at the same time. As the Salt Lake man was burdened with a Sunday edition of a newspaper, the Ogden man took it from him. 'Go first. Your load is greater than mine.' The Salt Lake man answered: 'Don't get discouraged. It is still early in the evening.'"

Wins Deserved Success.
"A younger man, a man with less experience or a man with a less resolute character might have halted upon beholding the obstacles which obstructed his way. But this man swept them away, and today has won a well-deserved success." Mr. Bamberger asked Judge Howell to pass sentence upon the road. The judge suggested that the sentence that the road go ahead and prosper. He remarked that for some time there has been considerable litigation over the smoke problem presented by the Bamberger line, but expressed a hope that there would be no more lawsuits. "The opening of the road is another step toward making Ogden the foremost city in Utah," said the judge.

The Train Schedule.
Trains on the Bamberger line leave Salt Lake at 1:45, 3:30 and 11 a. m. and 2, 4, 6 and 8 p. m., and will arrive in Ogden at 6:15 and 10 a. m., and 12:30, 5:40, 8:45 and 11:25 p. m. From Ogden to this city the hours of departure are: 6:30, 8:30 and 11 a. m., and 2, 4:30 and 9 p. m., and the hours of arrival in this city are 8 and 10 a. m., and 12:35, 3:35, 9:35 and 11:05 p. m.

POSITION OF FLEET.
Warships When Last Reported Were 1,017 Miles from Auckland.
Suva, Fiji Islands, Aug. 4.—The United States Atlantic fleet at 8 o'clock this evening was in latitude 21.54 south, longitude 176.59 west, 1,017 miles distant from Auckland. The weather is cool and the sea moderate. Albert Ehlsel, a seaman of the battleship Wisconsin, has been missing from that vessel since July 31. He was last seen at 7 o'clock in the morning of that day. Testimony given before an investigation commission which inquired into the seaman's absence showed that he had been suffering from melancholia since July 28. It is believed the man committed suicide by jumping overboard.

EARTHQUAKE IN ALGERIA.
Constantine, Algeria, Aug. 4.—A number of earthquake shocks were experienced here throughout the day, but tonight the quake ceased. At first there was believed to have been no loss of life, but later three bodies were found. Eight persons were injured and it is feared that other cases will be reported. Reports from the interior show that the earthquake was generally felt, but nowhere was the damage done as severe as that in this city.

SUES KAHN & BRO. FOR BIG DAMAGES

OGDEN, WEDNESDAY, AUG. 5.

William Spilberg, Former Em-
ployee, Seeks \$11,000 for
Damaged Reputation.

In the district court yesterday William Spilberg filed an action against the firm of A. Kuhn & Bro. of this city for \$11,000 damages because of a letter which he alleges was maliciously written to an eastern firm.

Spilberg avers in the complaint that the letter charged him with having embezzled \$10 by the sale of overcoats and insists that the letter has injured his personal standing and character to the extent of \$11,000. He asks for \$3,000 for exemplary damages.

This is the second suit filed by Spilberg within a few months against Kuhn Bros. The former suit being instituted on what he claims was a breach of contract.

START ON BIG CONTRACT.
O'Neill Construction Company's Job at Devil's Slide.

The J. P. O'Neill Construction company has secured a portion of the cement contract in connection with the construction of a new power plant at Devil's Gate, Weber canyon, and will commence active operations today. The cost of the plant will be about \$50,000. A wooden trestle line is to be built to convey the water a distance of a mile and a half. During the past few days the construction people have been shipping their outfit from this point to the scene of operation and the work will be rushed through as rapidly as possible. The building of this plant will give employment to a large number of men throughout the summer and fall.

LOOKING FOR THE SHEEP.

Assessor Dix Wants to See That They're Taxed.

For the next six or eight weeks County Assessor Edwin Dix will round up the sheep of Weber county for the purpose of having the shippers pay the taxes on the county taxes. The sheep are assessed in January or February. At that time, however, most of the sheep owned locally were not on the ranges and escaped assessment. At the present time they are coming back home and are on the borders of Weber and other counties.

Men With Hangovers Fined.

The aftermath of circus day occupied yesterday morning's session of the police court, the drunks numbering a half dozen. All of whom were assessed \$5 fines. The only other case before Judge Murphy was that of Harry Solos, a Greek, charged with the stealing of a pair of trousers from a local clothing store. On account of a lack of evidence, Solos was acquitted and the case was dismissed.

Montello Salt Company Meeting.

The stockholders of the Montello Salt company have elected the following directors: J. G. Galt, president; W. D. Blosser, W. J. Toy, G. J. Cunningham, H. H. Cave, D. E. Clark, F. P. Corn and J. H. Galt. No other business was transacted because of the fact that there is a lawsuit on as to the ownership of the salt lands which the company intends to mine. They expect, however, that they will have their product on the market at an early date, it being their intention to commence operations soon.

Ogden Briefs.

MARRIAGE LICENSES.—Marriage licenses were issued yesterday to John W. Winkle and Daisy L. Stone, both of Ogden, and to M. L. Gurney of Des Moines, Ia., and Miss Hazel Wallace of Ogden.

LEAVES REFORM SCHOOL.—Joseph Lemer, an Indian inmate of the State industrial school, broke from the guard while on the farm yesterday afternoon and escaped. Lemer's home is said to be in Butte. He is 18 years of age and has been in the institution about two years.

CIGAR STORE ASSIGNS.—Grant Sythens, as manager of the Three Friends cigar store, yesterday made an assignment in favor of his creditors to Henry Wessler, a local cigar manufacturer. The business has been conducted on Twenty-fifth street, near Lincoln avenue.

COULDN'T DECIDE QUESTION.—The chamber of commerce held a meeting last evening and for several hours discussed the advisability of the purchase of a waterworks system by the city. The men present were about equally divided on the proposition and no definite conclusions were reached.

JUDGE TAFT A GUEST.

Annual Meeting of the Virginia Bar Association.

Hot Springs, Va., Aug. 4.—The Virginia bar association broke in twentieth annual session at the Homestead hotel here today. Judge William H. Taft will address the banquet given here tonight. He is regarded as the most important question now before the American people, the more time he spends here, the more will be the justice, both civil and criminal.

Mr. Taft today attended the initial meeting of the association. With Mrs. Taft he expects to leave for the coaching party this afternoon as the guests of H. S. George Tucker, former president of the Jamestown exposition.

PRIMARIES IN OKLAHOMA

Blind Senator Had No Opposition—
Results Will Not Be Known
for Several Days.

Guthrie, Okla., Aug. 4.—As expected, the vote polled at the primary in Oklahoma today has been light and reports from all parts of the state indicate that the election has passed off quietly. United States Senator Thomas P. Gore, Democrat, and Dennis T. Flynn, Republican, had no opposition in their parties for the nomination for United States senator. Greatest interest has been manifested in the contest between Congressman Bird S. McGuire of Pawnee and Judge Bayard T. Hainer of Perry for the Republican congressional nomination in the first district. Reports which are fairly complete indicate McGuire's nomination by a safe majority. In the other district little interest was shown.

Owing to the fact that several tangibles have arisen over the primary election law, it will be several days before the actual results of the primaries will be known.

MISSOURI PRIMARIES.

Ex-Congressman Cowherd Probable Democratic Nominee for Governor.

St. Louis, Mo., Aug. 4.—Returns from the state primary election held today are coming in slowly and at this hour (9:15 p. m.) it is impossible to say who has been nominated for congress or for governor by the Democrats. Four candidates are in the field for the Democratic gubernatorial nomination, and the indications are that ex-Congressman Cowherd of Kansas City has carried St. Louis and larger towns in the eastern half of the state, over David A. Ball, William H. Wallace and Henry P. Staple, Attorney General Herbert S. Hadley had no opposition for the Republican nomination for governor.

BUSINESS PORTION BURNED.

Spokane, Wash., Aug. 4.—A special to the Spokesman-Review from Deer Park, Wash., says:

The business portion of Clayton, six miles from here, is in ruins as the result of a fire which broke out there at 5:30 this morning. The loss is estimated at \$100,000, and there is not a store standing in Clayton. Most of the shops owned by the Brick & Lime company, the main building of its plant and the bunkhouse being burned.

FOREST FIRE IN IDAHO.

Missoula, Mont., Aug. 4.—A forest fire of alarming proportions is raging in the Coeur d'Alene national forest in Idaho, just across the Montana state line. It is reported to be spreading into Montana and approaching the summit of the Monitor mine, at the head of Lemhi creek, about seven miles south of this city.

BROKERS GO UNDER.

Cincinnati, Aug. 4.—Charles E. Bultman & Co., brokers, announced today that an assignment would be made for the benefit of creditors. No statement was made as to losses, but it is understood that the liabilities may exceed \$300,000. Rising markets and a disposition on the part of traders to close out at high figures was the reason given.

Fat Folks' Hot Weather Comfort Secret.

The only way to be comfortable, fat, in hot weather is to get this—that is, reduce. This is paradoxical, but it is true—and they say the truth is bitter. Truly, to face the necessity of reducing by means of exercise or starving is a bitter prospect for any overfat person, man or woman. But, cheer up, those old methods are passe-out of date.

Nowadays, the well-informed fat people who want to take off enough flesh to make them feel unstuffed within and unburdened without go to the nearest drug store, and get a small tin of Mead's Fat Reducer. This they take quietly for awhile, a teaspoonful at a time, after meals and at bedtime, and pretty soon find themselves losing their excess flesh at the rate of 12 to 16 ounces a day. They eat the same food and don't need to exercise, and yet they get thin. Moreover, they do not accumulate wrinkles, or acquire an abusive stomach in the process. This harmless home mixture just bores the fat—not the taker. In this it is different, very different, you'll agree, from the usual "remedy."

No Nagging
